Highly Effective, Nourishing CRA-Z SOAP

Now the world can say goodbye to skin-irritating pastes and bars forever, and say hello to Cra-Z Soap, the latest innovation in skin cleaners. We guarantee that you're going to love it's incredible grime-busting power that removes even the toughest embedded skin stains.

It's the longest lasting hand soap in the business. A single 300g bar of Cra-Z Soap has been proven to outlast two gallons of the leading paste or liquid hand cleaners.

Unlike pumice-based bars, Cra-Z Soap is strong enough to eliminate the toughest grease and grime, yet is gentle enough not to damage or irritate even the most tender skin. With no petroleum-based solvents, Cra-Z Soap is completely water soluble and biodegradable. That means it is as gentle on the environment as it is on your skin, and won't clog drains.

Model Numbers:

200g Bar: CZ-SO-0010

300g Bar: CZ-SO-0000
