

Costa Lambrianos (Pty) Ltd

AIRFORCE AUTOMATIC STAINLESS STEEL HAND DRYER

Model Number: HD-AF-0020

Generation 3 Airforce Automatic Stainless Steel Hand Dryer

The energy required to operate a dryer is approx. 10% of the cost of paper towels. The following additional costs are eliminated: ordering, storing, replenishing, collecting and disposing of paper towels.

Hand Dryers protect you from the hazards of diseases, which can be transmitted by cloth towels or paper litter. In addition, they are easier for handicapped to use.

Hand Dryers Protect the Environment

A typical fast food restaurant uses 25 to 35 cases of 4,000 multi-fold paper towels annually. The results are:

- 9 fully grown trees are cut down
- 453.6 kg of landfill waste is generated (Paper towels can NOT be recycled)

SteriTouch®

- Antimicrobial Technology
- Reduce the growth of harmful organisms
 - Bacteria such as methicillin resistant staphylococcus aureus (MRSA), escherichia coli, pseudomonas aeruginosa, salmonella enteritidis and listeria monocytogenes
 - Molds such as aspergillus niger
 - Fungi

Features & Specifications:

Features

- Entire air channel on all units embedded with SteriTouch® material
- Special Nozzle Design utilizes the innovative warm air multi-jet hand drying technology
- Drastically reduces the spread of harmful bacteria, mold and fungi
- Sleek design prevents dirt from collecting and is easy to clean
- Automatic infrared activation ensures optimum hygiene levels

Benefits

- Most energy efficient, hygienic dryer in the fast dryer category
- Highest speed: 10-12 second dry time
- Low energy consumption at 1100 watts
- GreenSpec listed - considered to be in the top of the class
- SteriTouch® anti-microbial technology
- Automatic activation
- Surface mounted, light weight
- ADA compliant recessing kit (optional)
- Excellent field service capabilities
- Light weight unit: 3.18 kg

Dimensions (mm): H270 x W230 x D156

Weight: 3.18 kg
