Industrial Jumbo Roll Support Stand

Our Industrial Jumbo Roll Support Stands are best suited to Industrial hygiene and all washroom maintenance applications.

The adjustable top holder moves freely within grooves on the inside of the Support Stand for flexible control of your jumbo paper roll.

The “cut-safe” teeth at the edge of the adjustable top holder allow for “no mess - no fuss” access to the desired length of paper toweling.

The wheels on the back legs of the stand make it ideal for mobile applications.

The use of a plastic frame reduces bacteria build-up when properly maintained and cleaned. It also makes the stand lighter to move around.
