## Toilet Roll Dispenser

One of the most outstanding advantages of having this toilet roll dispenser in your washroom is the control it gives you over your toilet roll consumption.

The inclusion of this unit will also boost the aesthetics of your washroom while keeping all your toilet rolls in one neat, safe and manageable unit.

This particular model comes with an ashtray built into the top of the unit to help prevent nasty cigarette burns and simultaneously reduce fire hazards in your washroom environment.

The clear window on the front panel of the MA-TR-0010 allows you to easily see when your toilet rolls are running low.
